

TECHNICAL DATA SHEET

Systemit Core Connect 150 universal, UV stabilized adhesive tape (black), 0.15 x 25m

Essential properties	Value
Description	Single-sided reinforced adhesive tape Systemit Core Connect 150 is intended for connecting membrane overlaps and sealing damaged areas
Dimensions (width/length)	150 mm/25 m
Thickness	0,33 mm
Tear resistance	50 N/25 mm
Elongation	20 %
Working temperature	From -10°C to +40°C
Temperature stability	From -30°C to +120°C
Moisture resistance	Permanent
Resistance to UV radiation	About 12 months in direct sunlight
Resistance to peeling *	25 N/25 mm
Reaction to fire	Class F
Color	Black
Material:	
The top layer	Special film
Glue layer	Permanent polyacrylate adhesive reinforced with PET filaments
Separating layer	Silicone coated paper split 50/50

** The test was performed using a standard method. The adhesion of the adhesive tape is very high and the readings may vary depending on the surface on which it is glued.*
